CALL FOR PAPERS

The 3rd International Conference on Web-based Learning

http://www.icwl2004.org

August 8-11, 2004   Tsinghua University, Beijing, China

Organized by :   Tsinghua University, The Hong Kong Web Society
Sponsored by :   City University of Hong Kong, IEEE-CS Beijing,
China eLearning Technology Standards Committee,

The rapidly growing demand for e-learning is forcing educational institutions to expand in remote learning through the Web in terms of technological and pedagogical development. The successful application of e-learning provides enhancements in workforce performance, helps to lower cost, and encourages innovation. This conference aims at providing an in-depth study of the technical, pedagogical, as well as management issues of Web-based learning. ICWL2004 will bring together educators, researchers, technologists and implementers of Web-based learning from around the world to discuss the state of the art in this area.

The technical program will feature keynote addresses, tutorials, special sessions, panels, technical demonstrations, in addition to technical presentations of refereed papers. We cordially invite you to submit your work in one or more of above forms for, but not limited to, the following areas:
